

## Lithofin MN Bathroom Cleaner

### Description

A special product from the LITHOFIN-Range for marble, natural and engineered stone (MN).

This mildly alkaline, acid-free cleaning product is based on high-quality natural soaps, cleaning and care additives. It has been specifically developed for use in marble and natural stone bathrooms.

### Properties

Highly active components dissolve dirt, soap residues, oil and grease and allow for easy and streak-free cleaning. Lithofin MN Bathroom Cleaner leaves a pleasant odour.

#### Technical Data:

Density: ca. 1.0 g/cm<sup>3</sup>

pH-Value: approx. 10

Appearance: liquid, colourless, clear

Odour: fresh

Solubility in water: complete

### Field of Use

For regular, every-day cleaning of all small natural stone and quartz surfaces such as vanity tops, shower recesses and similar sanitary areas. Specially formulated for use on marble and limestone. Also suitable for ceramics, glass and synthetic surfaces.

### Directions for Use

Spray Lithofin MN Bathroom Cleaner on the entire surface. Allow the product to work briefly, then wipe the surface with a cloth. Surface may have to be buffed with a dry cloth.

Please Note: do not allow to dry on the surface.

Waxed surfaces may appear slightly duller after use.

Coverage: up to 50m<sup>2</sup> per litre.

For more stubborn dirt we recommend Lithofin MN Power-Clean.

### Storage

Cool and closed. Not above 25°C; can be stored for up to 3 years.

### Recommendation

Natural stone floors should be cleaned regularly with Lithofin MN Easy-Care.

### Environmental Protection

Surfactants are biologically degradable according to WRMG. Does not contain phosphates.

Bottle is made from environmentally friendly polyethylene and can be recycled. Empty containers which are clean or have dried out may be recycled through collection systems according to national regulations.

### Safety

Keep out of reach of children.

Ingredients: < 5 % cationic surfactants, < 5 % nonionic surfactants, benisothiazolinone, methylisothiazolinone, perfumes, limonene.

Labeling according to VO(EG) Nr.1272/2008(CLP): none.

Additional information is listed on the Material Safety Data Sheet.

ADR2015: Labeling for transport
