

**NEW!**

**FOR FLOORS & WALLS**

**NO TOOLS NEEDED!**

**TUSCAN SEAMCLIP™ ADVANTAGES:**

The Tuscan SeamClip™ is the world's first one-piece joint levelling system that will greatly assist in the installation of porcelain, stone, ceramic, marble, granite and large format tiles from 3mm-13mm thickness.

Its straightforward and easy to use design helps create essentially a lippage free installation when used on floors or walls. The Tuscan SeamClip™ interlocks the tiles, creating a single flat slab surface. The interlocking design of the Tuscan SeamClip™ reduces and in most cases eliminates settling from shrinkage whilst the adhesive is curing as well as minimizing the possibility of warping.

The Tuscan SeamClip™ also reduces the need to re-lift tiles to add more adhesive. This increases the speed of installation, whilst creating that much desired lippage free mirror surface. In addition, the Tuscan SeamClip™ one piece simplicity is user friendly and easy to master.

1- PIECE SYSTEM THAT VIRTUALLY ELIMINATES LIPPAGE DURING TILE INSTALLATION

FOR WALLS + FLOORS

NO TOOLS NEEDED

EASY TO USE

MADE IN THE USA FROM RECYCLABLE MATERIAL
